Class of '58

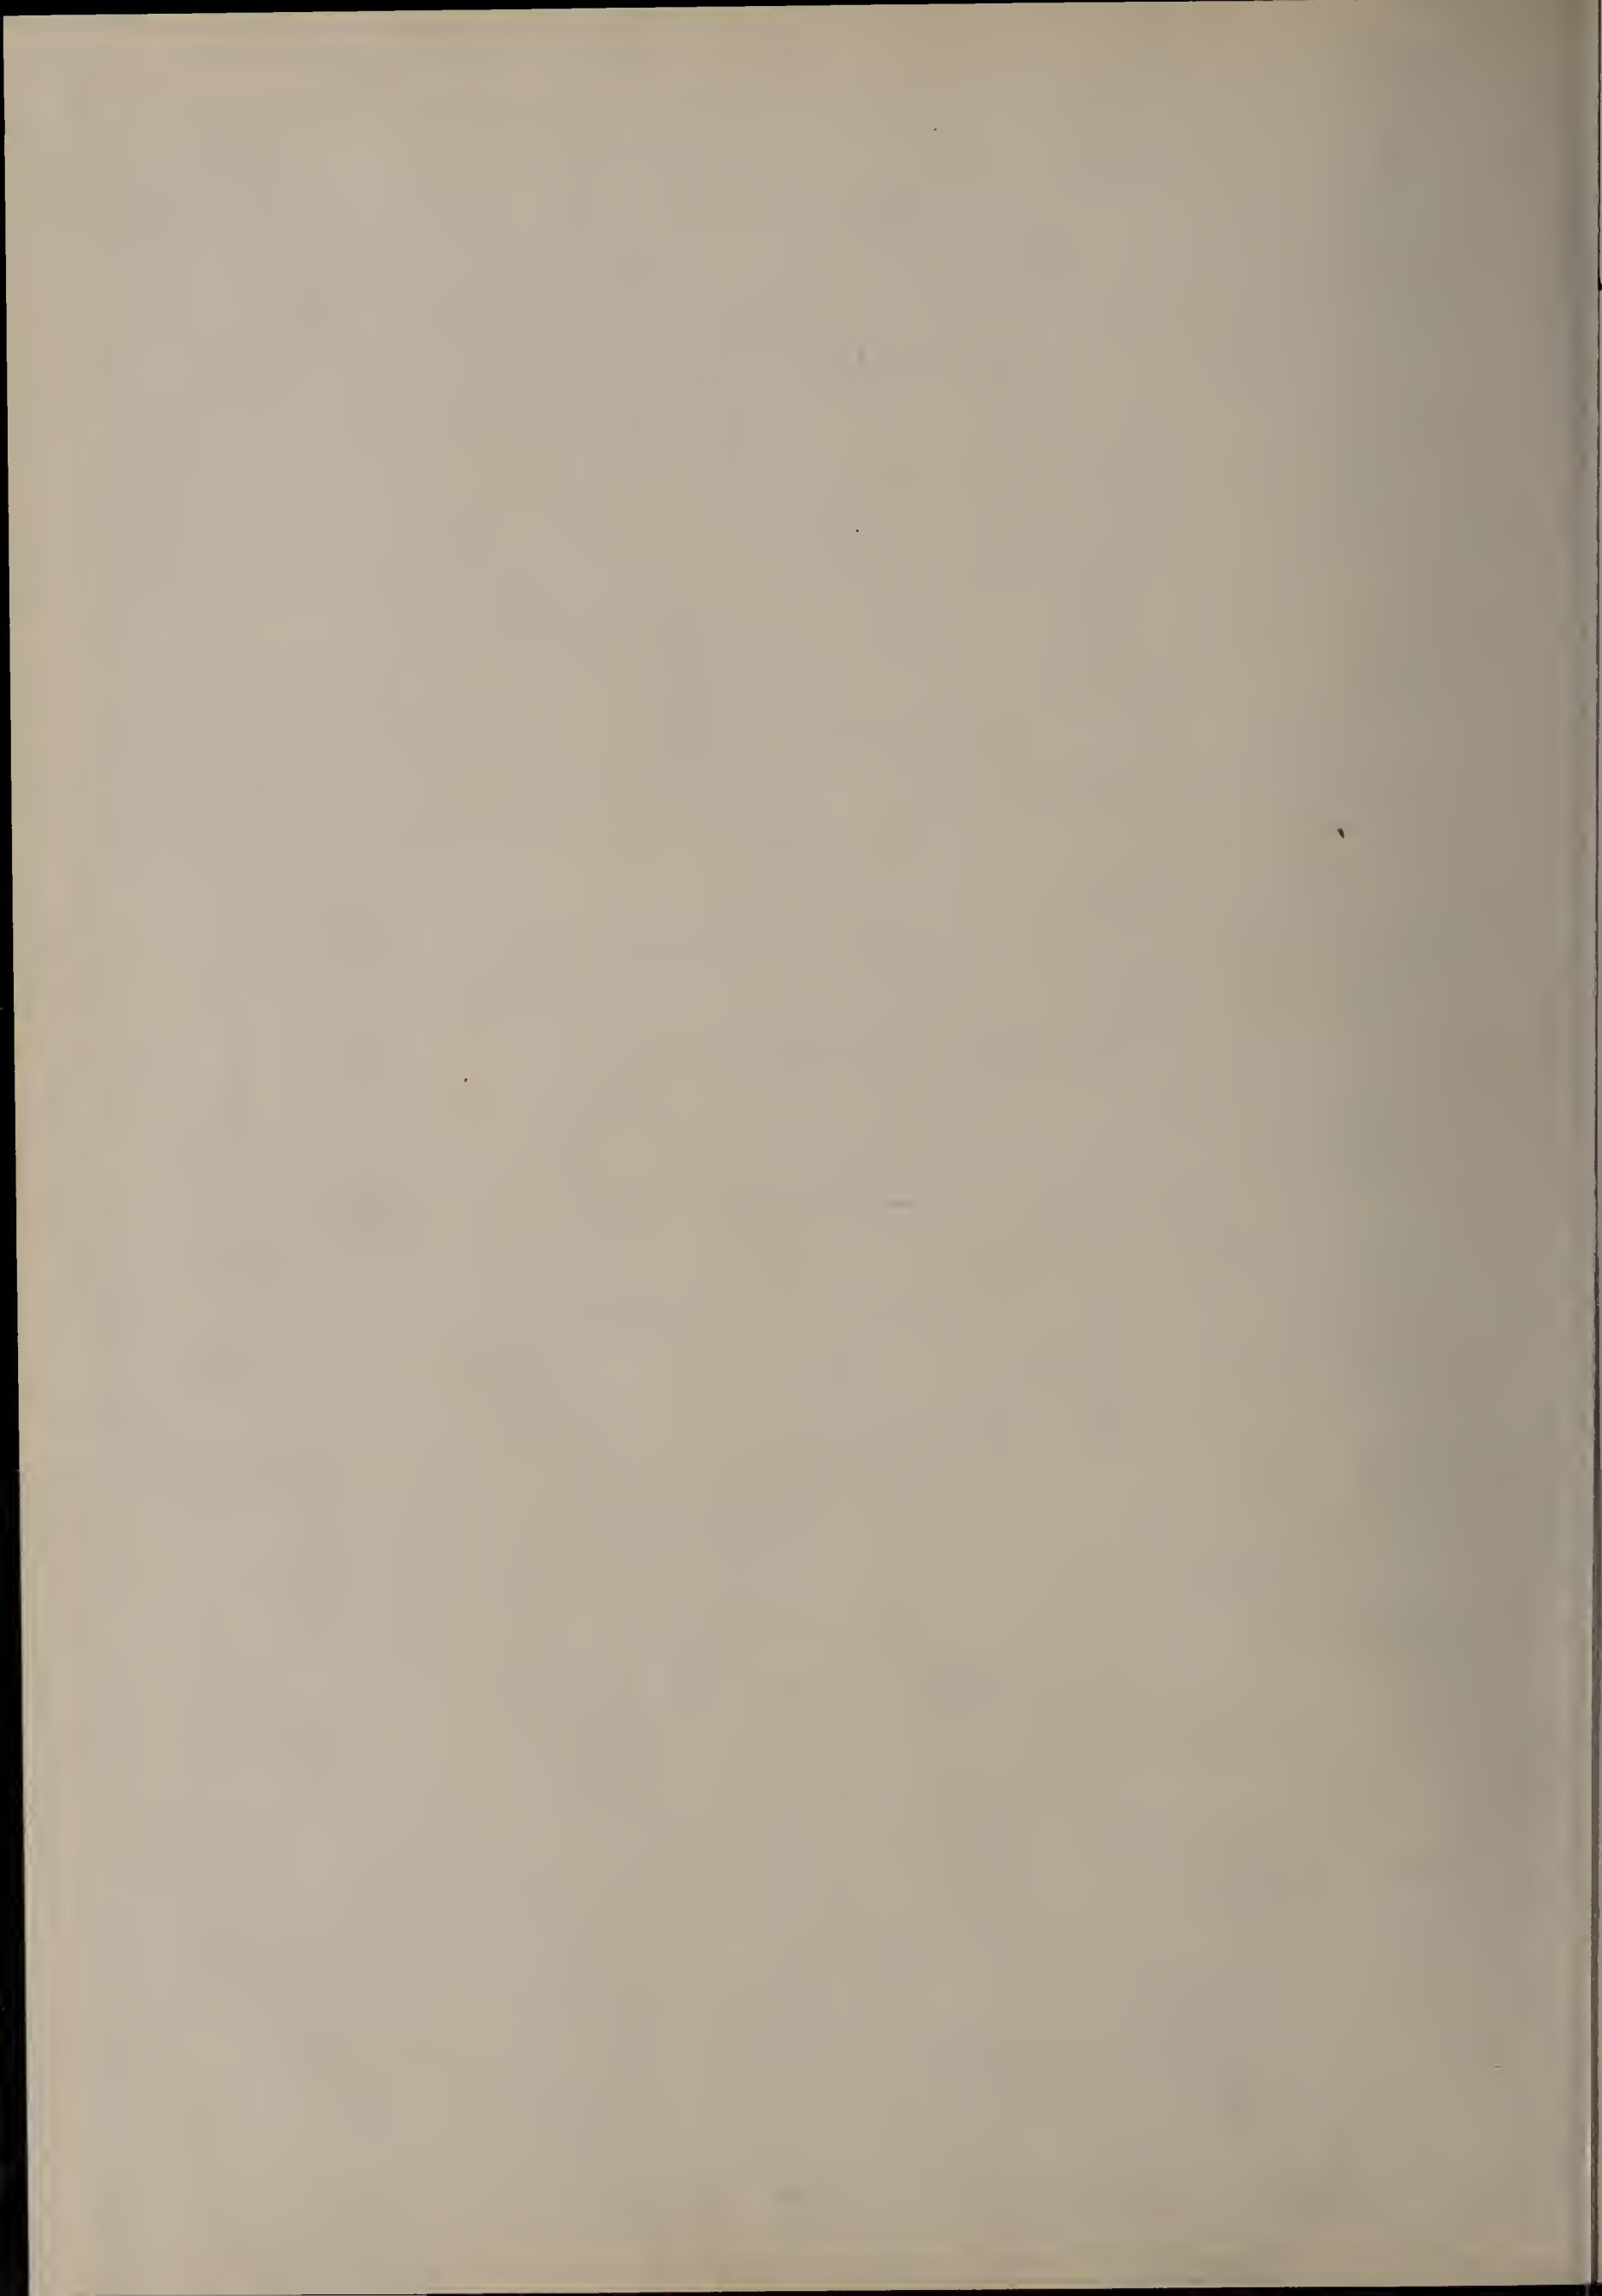

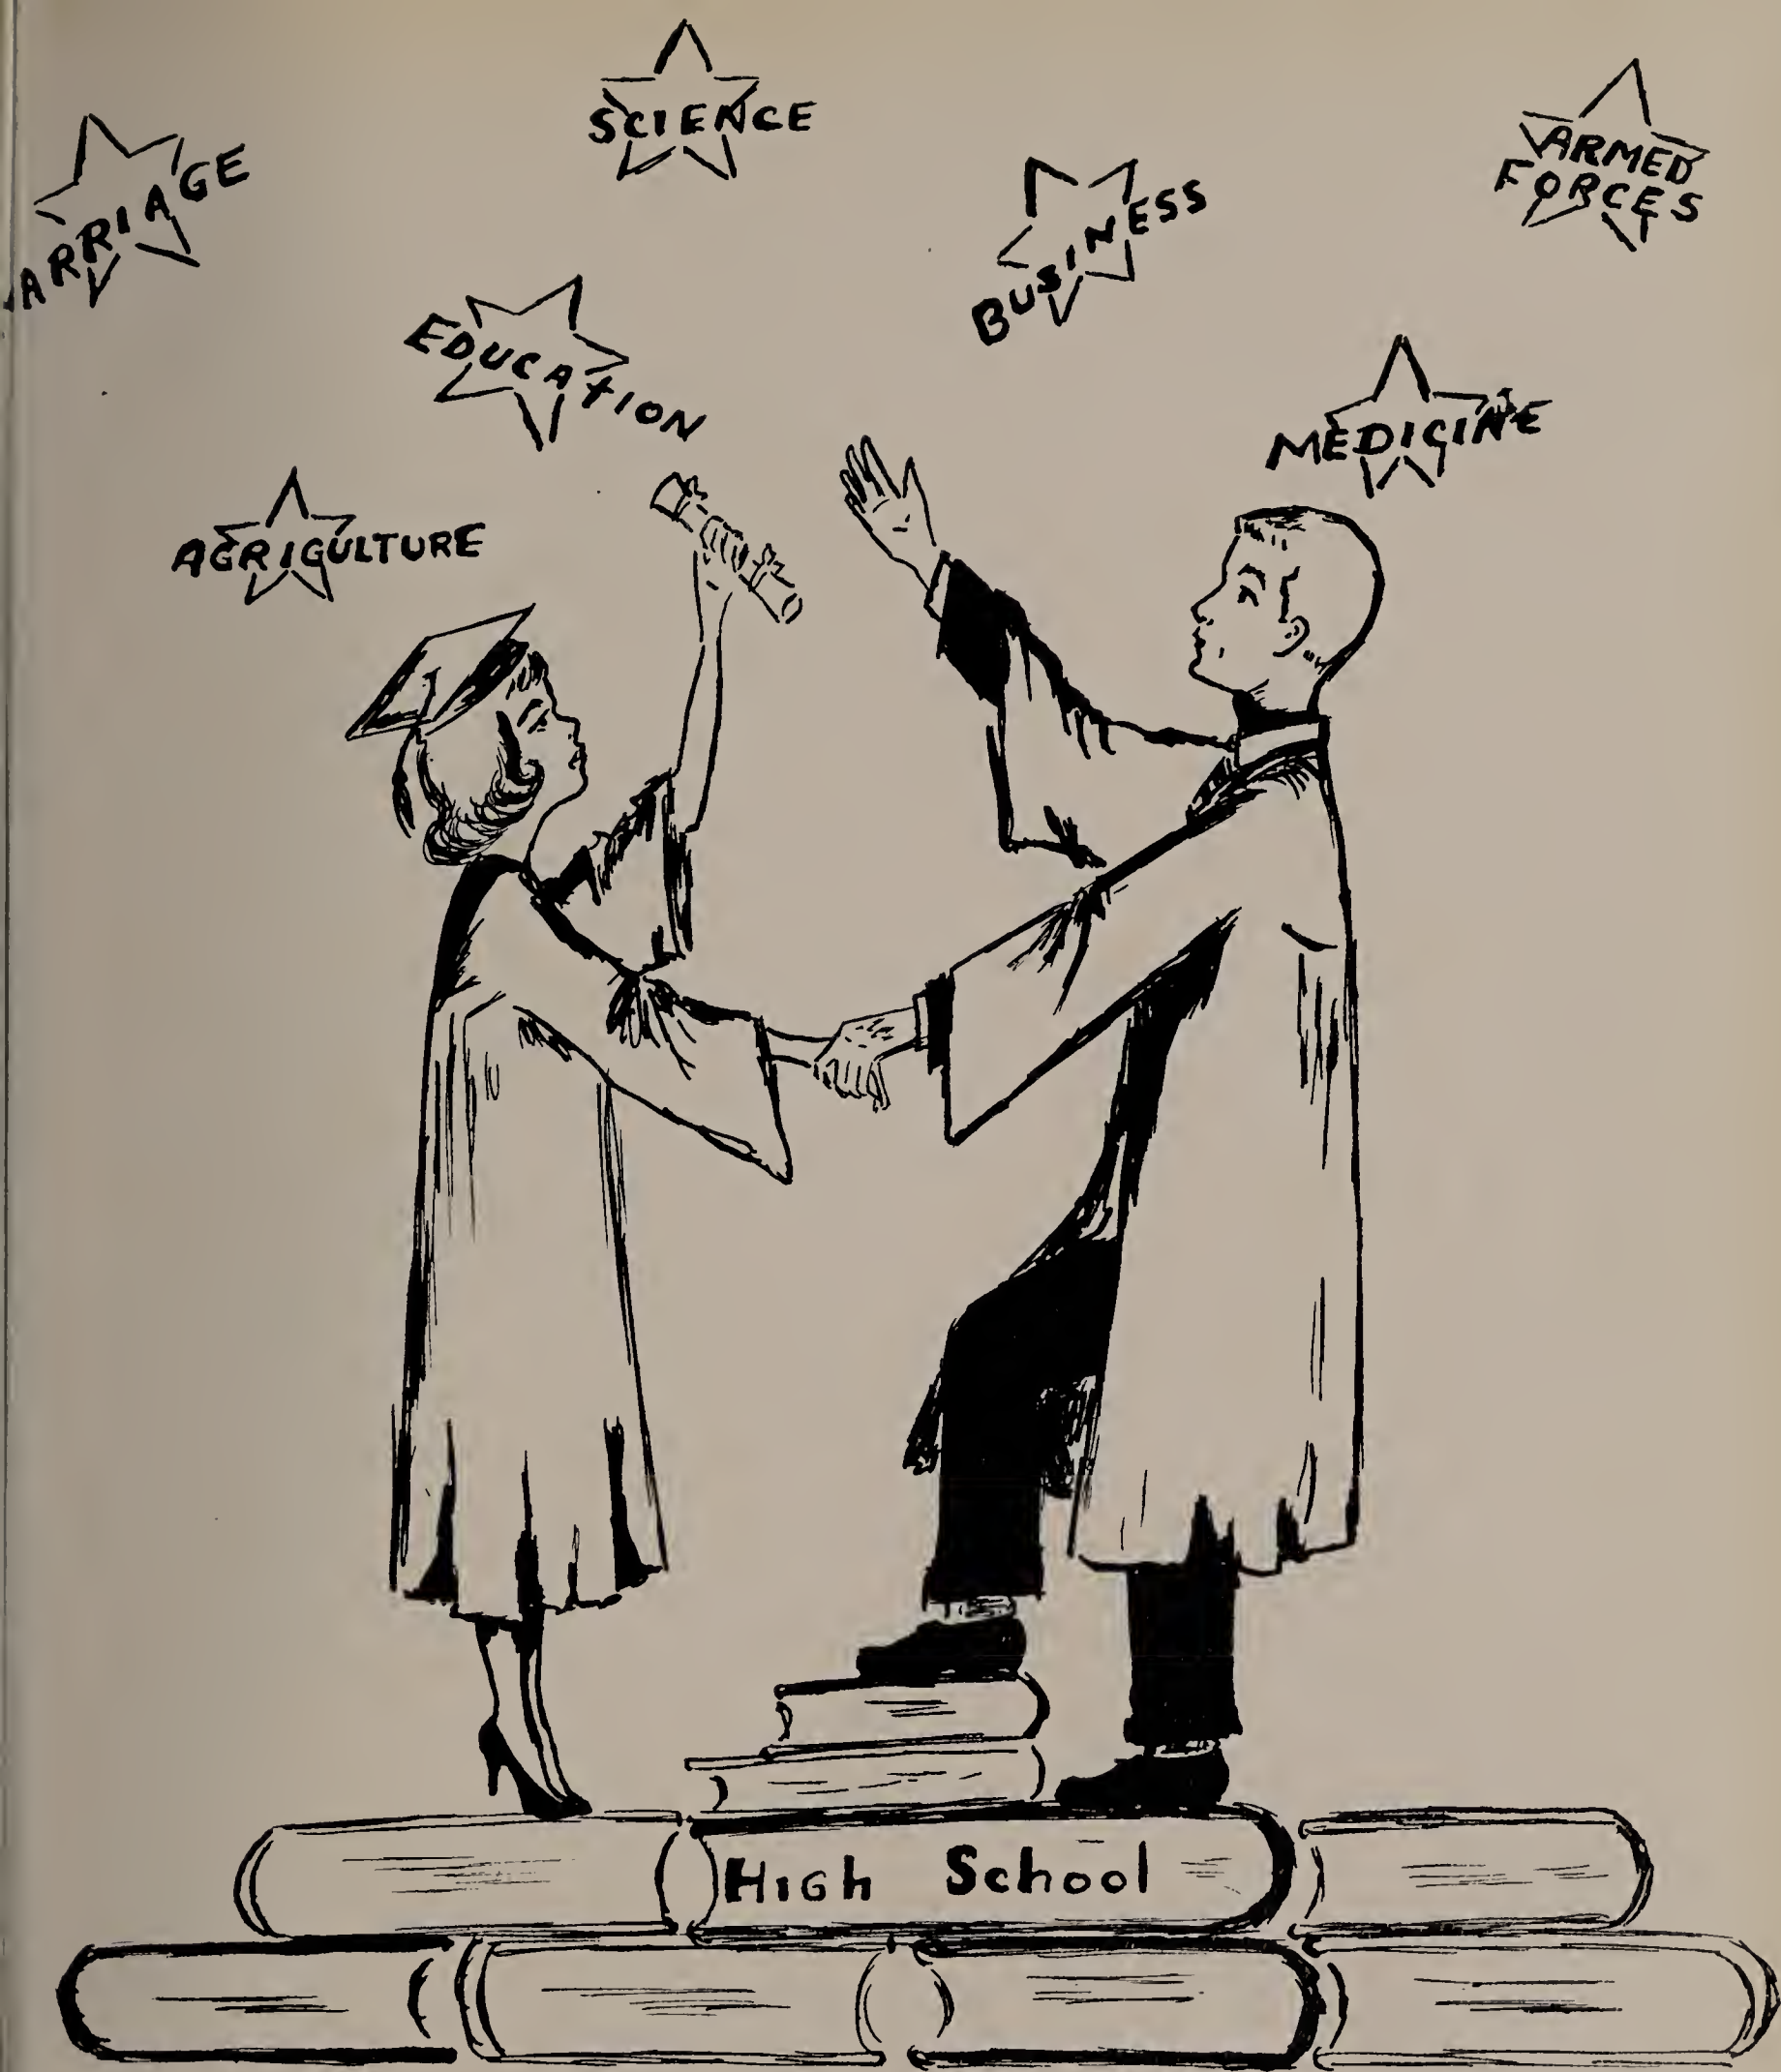

SOMERSET PUBLIC LIBRARY

*Thus Do We Reach the Stars*

*Class of 1958  
Somerset High School  
Somerset, Massachusetts*

## *Dedication — Paul L. Gayzagian*

"All things shall perish from under the sky; music alone shall live, never to die," so goes an old folk song. How well this can be applied to Somerset, for, although we, the graduating class of 1958, pass on and become just a memory as have other classes, the songs of Somerset will live on through posterity.

Because your valuable counsel, untiring zeal, and personal interest have helped us immeasurably, and because of your unceasing efforts to instill in us an appreciation for music, we dedicate our yearbook, *Memoirs XXI*, to you, Mr. Paul Gayzagian.

No matter where we go, or whatever we do, we will never forget your diligent efforts, perseverance and patience with us, even at the most trying times. Whenever we hear "The Blue and White Forever" or "The Nutcracker Suite," we will remember the many pleasant hours that we spent together.

# Faculty

As we, the class of 1958, graduate, we leave behind us many wonderful memories, but none will live longer than the memory of the faculty that has guided us along the path of knowledge. Through notes, jokes, and homework it has been imparted, never drearily, but always leaving us with a sense of fulfillment. Many would think that this was enough, but not our teachers. They know that students, as young people, also need guidance and companionship. This was their gift to us. They gave unstintingly of themselves, and they will continue to give to future generations. For all these things, we humbly, yet proudly, pay tribute to the Somerset High School Faculty.

# *Class History*

Our first stepping stone to the stars was in September, 1954, the first day of school in our Freshman year. We, as naive little Freshmen, settled down at last by electing the following class officers. Merrill Chace led our class and the other officers included: Vice President, Diane Rousseau; Secretary, Geraldine Cahill; and Treasurer, Dennis Collins. Our first plunge into space was the conducting of our first dance under the supervision of our class advisor, Miss Anne T. Scanlon. "Christmas Tune-Up" was the first successful feat of our four years at Somerset High.

As we climbed toward the next shining star, our Sophomore year came upon us. With the able assistance of Mr. John Kineavy, we elected the following class officers: President, Merrill Chace; Vice President, Diane Rousseau; Secretary, Geraldine Cahill; Treasurer, Dennis Collins; Boy Councillor, William Gastall; Girl Councillors, Carol Harrington and Juliann Pimental.

We launched our first satellite into the senior high by planning and presenting our first skit for the Thanksgiving Day rally.

As our Sophomore year whirled us through time and space, we put on our first dance, which was called "Mistletoe Magic." This gala affair was held on December 9, 1955, and was in full swing with the Christmas season.

We soared into our Junior year and elected the following officers to lead us through a very important year: President, William Gastall; Vice President, Martha Whitcomb; Secretary, Geraldine Cahill; Treasurer, Andrew Bridgeman; Boy Councillor, Arthur Lagasse; Girl Councillor, Juliann Pimental.

With Miss Loureiro as our class advisor, our first dance of the year was named "Campus Hop." It made quite a difference to be wearing socks instead of shoes while dancing.

The biggest event of the year was the receiving of our Balfour rings on December 19, 1957.

Breaking the sound barrier, we gladly undertook the planning of our big event, the Junior Prom, with our four officers acting as general chairmen. After much debate, it was decided that "Rhapsody in Blue" fulfilled all our dreams of the prom. The big date was Friday, June 14, 1957, and it left us all starry-eyed.

Another big event of our Junior year was the selection of our yearbook staff, headed by Martha Whitcomb, editor, and Ruth Lincoln, assistant editor. Our art work was placed in the capable hands of Mary Etta Fredenburg, and, in the sports department, Andrew Bridgeman took complete charge.

Almost before we had our feet firmly rooted in our Junior year, we were at the beginning of our Senior year, the most important year of all.

We opened our Senior year with the election of the following officers: President, William Gastall; Vice President, Marcia Lahue; Secretary, Arlene Pine; Treasurer, Stephen Durfee; Boy Councillor, Arthur Lagasse; Girl Councillor, Mary Viveiros.

The first big dance of the year "Kick-off Kapers" was sponsored by our class. It was a great success, as were all the dances this year, due, mainly, to the introduction of jitterbugging.

The Turkey Day rally arrived, and our whole class participated wholeheartedly. This great show of class participation paid off when our skit took first place honors.

The year seemed to have zoomed by, and, before we knew it, we were on the threshold of graduation.

Our week, Senior Week, was climaxed by the aim of every student in the "Class of '58" — Graduation!

As we held our diplomas in our hands, we knew that we had attained another step on our stairway to the stars.

# *Class Prophecy*

Due to the ingenious work of scientists Stephen Biello, Stephen Durfee, and Wayne Stone, an interplanetary space ship has been developed and is now in use for travel between the nine planets. Martha Whitcomb, ambassadress from Venus, has invited us to accompany her on her routine inspection of the progress on the planets. We board a "special" from Earth, driven by David Manchester, Robert Sullivan, Robert Fletcher, and aided by Hannah Hering, spaceline stewardess. Due to engine and rocket trouble, we are forced to stop at "Louie" Chagnon's "Moon Glow" gas station. With this temporary lapse in our journey, it is necessary to call the chief telephone operator on Venus, Mary Viveiros, who relays our delay to Martha. We make another stop at one of the meteorites, where we have lunch at Merrill Chace's "Blast Inn" and are served by Claire Lamond. Soon after lunch, we reach our destination. Upon descending from the ship, we are met by Geraldine Cahill and the welcome wagon. We are driven to the capitol building by Billy Cain in a Bachand Edsel, created by that well-known automobile designer, Steve Bachand. We arrive at Martha's Embassy, and, in her inner office, we meet her staff of secretaries, Madeline Mello, Kitty Shepard, Madaline Tavares, and Arlene Gabriel.

We hurry to our next stop, Mercury, where living has been made possible by Lagasse's Anti-thermo Circulastat-Cooling System. There we have the privilege of meeting Mr. Lagasse himself and Jerry Pelletier, his chief sales engineer. Our next visit is to the Mercury Social Research Center, where Eileen Borges relates the progress that has been made.

With no time to spare, we take off for Mars, well-known for its ultra-modern educational system. "Jeff" Connelly, superintendent of schools, is our personal guide. We meet Eileen Coleman, President of the University for Talented Martians and her assistants, Dorothy Lopes and Elaine Raymond. Many prodigies have journeyed to Jupiter, the entertainment captial of the Universe, which is to be our next stop. Hopefully, we set out for Jupiter, making one stop at the centre of the Milky Way to pick up Joanne Smith and Dale Nannery. Arriving at Jupiter with a whole second planned for us, (equal to one of earth's days), the first thing on the agenda is the inter-planetary World Series between the Saturn Green Sox, coached by Robert Antone, and the Plutarians, who are considered the underdogs. We go on to a show, put on especially for us, featuring Laura Parent, prima ballerina, Marcia Lahue, champion baton twirler, and Yvette Dube, who reads from Shakespeare. After the show, we go to see the people behind the scenes. We meet Suzanne Rivard, the star of the solar screen, her personal hairdresser, Sheila O'Neill and her make-up artist, Nancy Rodgers. Reluctantly, we bid au revoir to the glamour capital and leave for Uranus. Hovering above, we are able to observe the vast crater. Upon further exploration, we view the Universal Forest, under the supervision of James Bridgeman. A log-rolling contest between Ralph Atwood and Victor Buote results in a tie. Continuing to find more facts for our progress report, we visit two of the largest farms there, owned by Edmond Rockcliffe and Kathy Viveiros. Both of them supply Raymond Courture, owner of Asteroids Produce Market.

Finally, we begin to make our last inspection, that of Neptune, the scientific planet of the Universe. We are met by Rev. Gerald Barnswell, who is to be our guide and our escort to the Spacesonian Institute of Science. There, we are introduced to the great scientists, Ruth Lincoln and Geraldine Mendes, and their assistants, secretary Arlene Pine, and computer, Jackie Cyr. Lastly, we meet the greatest of them all, Stephen Durfee, Stephen Biello, and Wayne Stone, who have made this trip *possible*.

Carol Washburn leaves the green ink stain on the library floor.

Linda Pearson leaves her Somerset flag to Roseanne Souza.

Joe Borges leaves his 'hot rod' to anyone who wants to buy it.

We, the class of 1958, have ascribed our names hereunto and declare this to be our last will and testament in this, the sixth month of the year of Our Lord, one thousand, nine hundred and fifty-eight.

## *Junior Class*

Getting an excellent start, the Class of '59 chose competent officers to lead them during their busy year. Under the capable guidance of Mrs. Martins, the Juniors put on a dance entitled "Autumn Twirl." Before long, they were showing everyone in sight their shining, new Balfour rings. The Junior Class contributed many fine athletes, and helping to cheer them on were the vivacious Pep Squad, their majorettes and their only cheerleader. With the rewarding success of the annual Junior-Senior Prom, the Class of '59 closed the eventful year.

The Pep Squad did very well in cheering for the Blue Raiders, and the band was brightened by many of the "Soph" majorettes. The Sophomore Class deserves to be congratulated for its whole-hearted participation in these activities. They have done a fine job.

## Football — '57

Somerset High had a much better football team than its record indicates. Injuries and bad luck plagued the Raiders all season long.

The Blue and White dropped its opening contest to a big, strong, Mansfield eleven. Although the Raiders fought hard, they couldn't crack the Mansfield forward wall. Bill Gastall played a great game in a losing cause.

Somerset rolled over Provincetown the next Saturday 38-6. Steve Biello and Bob Sullivan played outstandingly for the winners.

Dighton was next on Somerset's list, and the Raiders smothered them 45-7. Merrill Chace and Roger Caron opened gaping holes in the Lion line all afternoon.

The Raiders next met newcomer Scituate and were nipped 25-19, as a last ditch rally just fell short. Wayne Stone played a tremendous defensive game for the Blue and White.

An inspired Somerset team battled undefeated Dartmouth to a 13-13 tie on the following Saturday. The highlight of this contest was the passing of Paul Chace, who completed 13 of 19 for 219 yards. George Arruda also played a stellar game.

Then Somerset was outclassed by a powerful Taunton eleven. John Faria played well, as he did all season.

Tabor Academy was our next opponent, but the Raiders, rolling in high gear, smothered the Middies 42-20. All-Narry Jim Bridgeman kicked six straight conversions.

On Thanksgiving day the Raiders were springing the upset of the year, leading the Cardinals 19-0 midway through the final period, but the Blue and White couldn't stop a tremendous Case uprising and lost 21-19. Captain "Dee" Collins played his most outstanding game in his four years as a varsity halfback. Steve Dupfee also played a sound defensive game.

Led by Captain Collins, and under the guidance of Coach Simpson, the Raiders fought hard but lost the heartbreaker to Case.

## Narry Champs

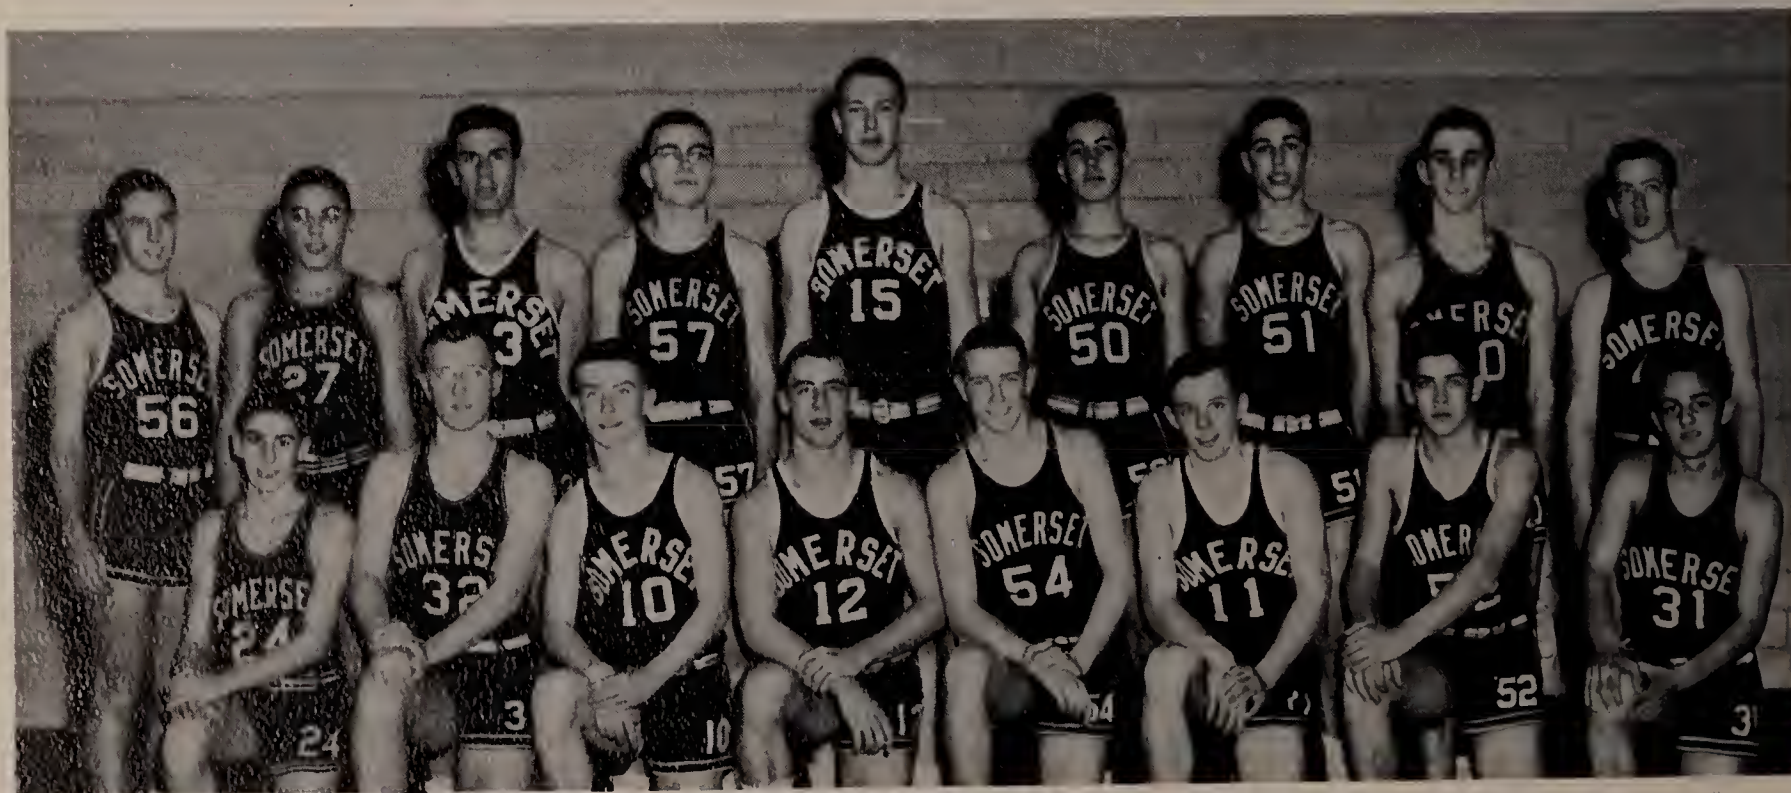

Somerset was by far the best team in the Narry League this past season, compiling a record of 15-1. The Blue and White quintet, led by Captain Dee Collins, Paul Chace, and Mike Salmon captured the Narry crown, without encountering too much difficulty. Bill Gastall, Jim Bridgeman, and Chris Whitcomb also contributed heavily to the Raiders' winning cause.

We look forward to a fine showing by the Raiders in the Tech Tourney.

The junior varsity also had a good season, closing with a slate of 14-2. Steve Winslow, Bill Taber, Colin Brearley, and Forrest Williams paced the jay-vees in their effort for the second team title.

## Class "B" Champs

Somerset High School, with perhaps the finest team in school history, captured the Class "B" championship of Eastern Massachusetts, with an impressive 17-6 record. After a slow start, the Raiders began to jell midway through the season. Then, combining good pitching and a powerful offensive attack, the Blue and White finished in a blaze of glory.

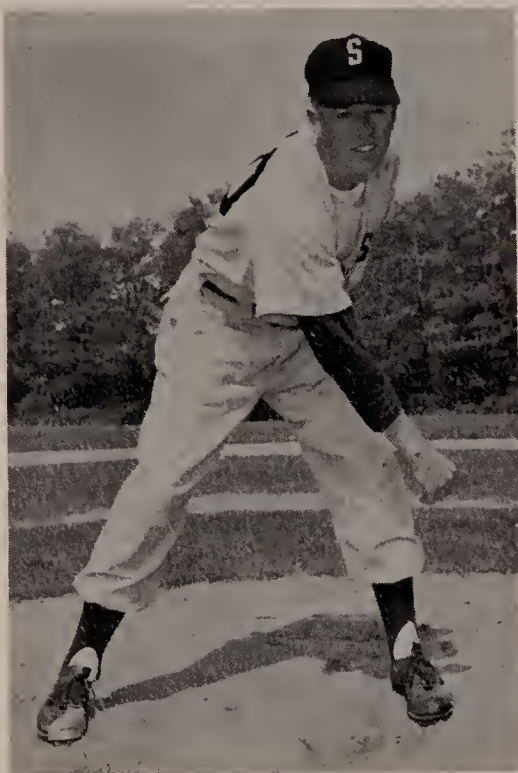

The slugging of All-Narry Paul Chace, Dee Collins, Lou and Bob Souza helped the Raiders to pound out an average of 9 runs per game, while the pitching staff of All-Narry Jim Bridgeman, "Bear" Faria, and Lou Habib limited the opposition to 4.5 runs per game.

## Narry League

The 1957 track squad posted an outstanding record on the cinder path in winning its sixth Narry Championship in seven years. With Captain Steve Durfee and varsity letter winners, Bill Gastall and Dee Collins, Somerset has a strong nucleus to continue its fine record.

Bill Gastall should prove almost invincible with the javelin, considering the fact that last year he was invited to compete in the New England meet where he placed an impressive sixth. Dee Collins should be a good point getter in the mile, as well as Captain Durfee in his short-distance specialties. Depth in both track and field events is afforded by underclassmen Jim Rockliffe, Bill Taber and Al Morris.

This is the team that will represent Somerset High in the coming track season. Although we have lost a fine coach in Mr. William Luti, we have an excellent replacement in Mr. Robert Simpson, and the Raiders should once again have a winning season.

## *Track Champs*

Somerset High is fortunate in having an excellent girls' track team. The Raiderettes, under the very fine tutelage of their coaches, Miss Corcoran and Miss Worton, had an enviable record for the 1957 season, and if the Narragansett League Girls' Track Division is continued for 1958, they will be the "team to beat."

As speedsters, we have Gerry Mendes, a senior, and Bev DeMarco from the junior class. Mary Viveiros "pegs" the ball for the softball throw. In the jump department, Barbara Cabral takes over the high and Carol Harrington hits the sawdust in the broad. Gerry Mendes, Carol Harrington, Mary Viveiros, Bev DeMarco and Carol Driscoll compose the relay team. This will be the nucleus of the '58 squad, one which will bear watching.

The Raiderettes finished their regular league schedule with a record of 11 wins and only one loss, in a two-way tie for first place. This necessitated a play-off on a neutral court for the undisputed Narry League championship.

Under the able coaching of Miss Corcoran, the offensive trio, composed of Barbara Cabral, Sue Rivard and Bev DeMarco, "the mighty mites," were a constant threat to all opponents. Bev, the only underclassman to hold a starting berth on the varsity, also won scoring honors.

The defensive unit, renowned as the best in the league, held the scores of the opposition to a minimum. Mart Whitcomb, occupying a varsity starting position for three years, Mary Etta Fredenburg, a two-year varsity starter, and Julie Pimental made up the trio.

Capable substitution was afforded by forwards Kathy Geteriewictz, Mary Ann Gibney, Gerry Cahill, Mary Viveiros and Gerry Mendes and guards, Jean Madore and Gail Harrison.

The ever-ready bench contributed to a very successful season.

*Left to right:* Judy Black, Theresa Soarses, Pat Cabral, Pam Nevins, Judy Cranshaw, Margaret Hitchen, Linda Golf, Mary Donna Connell. *Second row:* Mary Lou Cabral, Martha Pierce, Anne Slattery, Claudette Coty, Janice Chadburn, Carol Driscoll, Judy Caouette, Andrea Gateriewitz.

# Whew!

*The time has come, dear classmates all,  
We should be "in the know,"  
We've worked, we've learned, we've had  
some fun,  
But now we have to go.*

*Please pardon our appearance here,  
We're really quite a sight,  
We don't look like this all the time,  
But we've been up all night.*

*We drew, we glued, we wrote some lines,  
And now and then we "griped,"  
But still we drew, and glued, and wrote,  
And typed, and typed, and typed.*

*And now we're through with all our work,  
We're sad that we are done,  
Though it was tough and sometimes dull,  
We really had some fun.*

*We hope that we have done our job,  
To make a history,  
To keep a record of those things,  
That passed and that will be.*

*And so we leave with heavy hearts,  
But always with a smile;  
The future now is up to you  
Go, make your life worthwhile!*

ALMA MATER

*Hail Alma Mater! Hail to the  
school of our hearts.  
Through years of devotion we  
never will part.  
We'll carry on for dear old  
Somerset;  
Thy spirit will bring us the light.  
With loyal hearts so true we pay  
our debt to you,  
All Hail to the Blue and White!*

## MATER

*Hail Alma Mater! Hail to the Blue  
and the White!*

*Thy glorious tradition forever be  
bright,*

*We'll carry on the torch of victory  
In praise of your name and the  
right,*

*Forever and a day, to you we'll  
honor pay,*

*All Hail to the Blue and the White.*
